Summary

As an adaptable and well-rounded IT professional, I'm eager to pursue a long-term career aspiration as a Testing specialist. I'm results-oriented and can handle technical and non-technical tasks with ease. With my passion for modern technology and ability to find resources online, I'm confident in my ability to thrive in this role. My diverse experience in IT, including roles such as Software Engineer, Application Support, Technical Tester, has equipped me with the agility to excel in any project or responsibility.
